Karthik Reddy

Site Reliability Engineer / DevOps Lead

Chennai, Tamil Nadu | karthik.reddy@example.com | +91 90000 00104

SUMMARY

SRE with 7 years running cloud platforms at scale. Kubernetes, Terraform and GCP/AWS; I care about SLOs, incident response and developer experience.

EXPERIENCE

DevOps Lead 04/2022 - Present

MediQuick Health · Chennai

- Run 60+ GKE clusters serving 5M patients; availability 99.95% against a 99.9% SLO.
- Moved infrastructure to Terraform and Atlantis; drift incidents from ~10/month to near zero.
- Introduced SLOs, error budgets and blameless postmortems; MTTR from 3h to 35 min.
- Lead a team of 5 SREs; on-call rotation redesign cut pages per week by 60%.

Senior DevOps Engineer 01/2019 - 03/2022

TicketTrain · Bengaluru

- Built CI/CD on GitHub Actions and Argo CD for 80 services; releases from weekly to 20+/day.
- Handled festival-sale traffic spikes (12x) with autoscaling and load-testing in k6.

Systems Engineer 07/2017 - 12/2018

Infosphere IT Services · Chennai

- Linux administration and Ansible automation for 400 servers.

EDUCATION

B.Tech, Information Technology – Anna Engineering College (sample) 2017
